

Loss of functionality on "Other Schema's" objects

Posted by hiyall@erols.com - 2010/02/05 12:27

Describe (F4) returns nothing
Export Data Wizard fails

DBA Edition
4.4 Build(4.4.1.5)

=====

hi,

We are truly sorry for such inconveniences.

A support ticket is under processing and researching now.

Regards,
Peter

Hi,

Thank you for information. We have reproduced this problem and fixed it. This fix will be included in the next DreamCoder for Oracle release.

Regards,
Peter
