

New DreamCoder for MySQL version 4.4.2.5

Posted by admin - 2008/06/18 14:11

A new minor update of the DreamCoder for MySQL version 4.4.2.5 is available for download now.

This version includes:

- * Fixed bug with trigger source view.
- * Fixed bug with trigger export option.
- * Fixed bug with trigger database transfer option.
- * Fixed bug with output parameters in stored procedures.
- * Fixed some minors bugs.

You can download DreamCoder for MySQL at:
