

DreamCoder for Oracle minor update build 4.4.1.5

Posted by ptesone - 2010/01/29 08:20

Mentat Technologies announces the new minor update of DreamCoder for Oracle version 4.4.1.5.

This version includes:

- * PL/SQL Syntax highlight configuration option fixed
- * Several bugs with Direct TCP-IP connection mode fixed
- * Other SQL and PL/SQL editor improvements
- * Other small improvements and bug fixes

You can download DreamCoder for Oracle at:

<http://www.sqldeveloper.net/database-tools/products/download-center.html>

Hope you will enjoy working with our software!

Sincerely,

Mentat Technologies
